

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

**READ ENTIRE LABEL BEFORE EACH USE  
USE ONLY ON DOGS, CATS, HORSES AND FOALS**

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not use this product in or on electrical equipment. **Shake Well Before Using.**

#### TO CONTROL FLEAS AND TICKS ON DOGS AND CATS FOR 14 DAYS

**Applied as a Spray:** Start spraying at the tail, moving the dispenser rapidly and making sure that the animal's entire body is treated, including the legs and underbelly. Fluff the hair while spraying so that the spray will penetrate to the skin and thoroughly wet it. Do not spray into eyes or face. Avoid contact with genitalia.

**Applied as a Dog Dip (not for use as a cat dip):** Wet the dog with water before treatment. Sponge or pour on the dog until its fur and skin are thoroughly wet, making sure that the animal's entire body is treated, including the legs and underbelly. Do not treat the dog's face. Avoid contact with genitalia.

#### TO CONTROL FLEAS AND TICKS ON PREMISES

Apply as a direct spray to control of accessible stages of fleas and ticks. Spray to lightly dampen absorbent and non-absorbent surfaces, but do not allow runoff to occur. Thoroughly spray infested areas, pet beds and resting quarters, cracks and crevices, along baseboards, moldings and window and door frames as well as localized areas of floor covering. Repeat as necessary.

#### HORSES

To control stable flies, horse flies, deer flies, and face flies: Apply to face, legs, flanks, top line and other body areas commonly attacked by these flies. Repeat treatment as needed.

#### FOR USE AS A WIPE

Apply liberally to a clean sponge, cloth or towel.

**Horses & Foals:** Avoid treatment of nursing foals. First, brush animal to remove excess dirt and dust. Rub wipe into face around mouth, nose, eyes, ears and areas where flies are often seen. Then wipe the neck, legs, shoulders, and shanks. Avoid using an excessive amount and do not wet skin. After application, brush thoroughly to bring out a bright sheen on the coat. Make sure spray has completely dried before covering with any tack. Repeat treatment as necessary.

**Dogs and Cats:** Cover pets eyes with hand. Wipe head, ears and chest until damp. Rub into face around mouth, nose, and eyes, avoiding direct contact with the eyes. For best penetration to the skin, direct wipe against the normal lay of the hair. Make sure wipe thoroughly wets ticks. Do not use on puppies and kittens. Repeat treatment as necessary.

#### TO CONTROL CRAWLING INSECTS

Apply as a direct spray to control of accessible stages of crawling insects including, but not limited to: Cockroaches, Ants, Spiders, Silverfish, Sowbugs (Pillbugs), Centipedes and Crickets. Spray to thoroughly wet exposed insects. Direct spray into hiding places, cracks and crevices, along baseboards and around door and window frames.

**IMPORTANT:** Read these entire Directions and Conditions of Sale before using this product.

#### DISCLAIMER
